JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Two cases are reported from Meridian, Miss.; the last case a physician. There have been other cases but I have not been able to get definite data.

Two new cases are reported at Laurel, Miss. A complete statement of the cases at Laurel will be sent in due time.

I am, very respectfully, your obedient servant,

R. D. MURRAY,
Surgeon, U. S. M. H. S.

MOBILE, ALA., July 30, 1898.

SIR: I have the honor to report that a case of smallpox—a colored resident—was sent to the pesthouse to-day; at present origin is not known.

The pesthouse has been unused for fifteen days.

I am, very respectfully, your obedient servant,

R. D. MURRAY,
Surgeon, U. S. M. H. S.

Smallpox in Colorado.

DENVER, COLO., July 26, 1898.

SIR: You are hereby notified that 5 cases of smallpox have been reported to this office as existing in Las Animas County, this State, and also 1 new case in Boulder County. Precautions taken are isolation and vaccination.

Respectfully, yours,

HENRY SEWALL,
Secretary, State Board of Health.

One case of smallpox in Atlanta, Ga.

ATLANTA, GA., July 27, 1898.

SIR: I beg to report the finding of a case of smallpox this morning and the removal of same to the smallpox hospital. The man (white) says that he came here from West Point, Ga., last night, but from his language and appearance I think he is a professional tramp.

Our hospital was closed and all cases dismissed March 30, but was opened again May 27, on account of the finding of a case of smallpox which came here from Montgomery, Ala., on that date. This case was dismissed and the hospital again closed June 18.

Yours, very truly,

J. T. LOWRY,
Acting Chief, Sanitary Department.

Smallpox in North Carolina

The following article is reprinted from the Bulletin of the North Carolina board of health for July, 1898:

During the past month there has been a material spread of the disease both as to the number of cases and localities infected. When we last went to press, it was reported as present at only two points—Statesville and Vanderborg's Chapel, both in Iredell County. At this present writing (July 19), smallpox exists in addition at Mooresville, 1 case; Elmwood, 2—both in Iredell; Asheville, 1, which is nearly well;
